Streets & Street Lights: It was suggested that business' on Ferry Street put up signs on the board located at the intersection of Ferry St and Kellys Way. There may not be enough room depending on the size of the signs.

- As per Marc Skarbek the stop sign will require the borough to hire an engineer to conduct a traffic study to determine if the use of a stop sign in those locations are acceptable, the use of a stop sign to control traffic speed may not be permitted but the engineer needs to determine that.
